

Compatibility to Release 7.4.1

The table shows the firmware version for each 'Unit Type' sorted in 'Releases'  
Each firmware version is marked with a colour code indicating the compatibility.

| Unit Type      |        | Releases |         |          |          |          |          |         |         |         |        |        |        |        |        |        |        |        |        |        |        |        |        |        |        |        |        |        |        |        |        |        |        |        |        |        |        |       |
